

**PREVALENCE OF LIVER DISEASE  
STATE FACT SHEET**

American Liver Foundation (ALF) Liver Life Advocates—Raising Awareness, Advancing Change™, represents more than 100 million Americans affected by liver disease.

**Montana Residents Affected by Liver Disease**

**Desirea W.**

Desirea advocates to raise awareness about liver health, alcohol-use disorder (AUD), and alcohol-associated liver disease. After battling AUD for years, Desirea’s husband was diagnosed with alcohol-associated cirrhosis. After flying to a center that accepts ALD patients in Seattle, WA for a transplant evaluation, her husband’s condition worsened. He is currently in critical condition and under a medical coma in the center’s ICU.

ALF is a national community of patients, caregivers and medical professionals dedicated to helping people improve their liver health. Providing guidance and life-saving resources, we are a beacon for the 100 million Americans affected by liver disease. We advocate for patients and families, fund medical research and educate the public about liver wellness and disease prevention. We bring people together through our educational programs and events and create a network of support that lasts a lifetime. ALF is the largest organization focused on all liver diseases and the trusted voice for patients and families living with liver disease.
