

**PREVALENCE OF LIVER DISEASE
STATE FACT SHEET**

American Liver Foundation (ALF) Liver Life Advocates—Raising Awareness, Advancing Change™, represents more than 100 million Americans affected by liver disease.

Virginia Residents Affected by Liver Disease

Andrew C.

Andrew advocates to raise awareness around the importance of organ donation and access to affordable care. Andrew was admitted to the hospital and diagnosed with liver failure in the Summer of 2024. Despite receiving a successful liver transplant last Fall, his family has experienced many financial hardships due to high out-of-pocket expenses and his inability to work.

Albertina D.

Albertina advocates to raise awareness about the importance of liver health and maintaining a healthy diet and lifestyle. In 2022, Albertina was diagnosed with metabolic dysfunction-associated steatotic liver disease (MASLD), which quickly progressed to stage three liver cancer. Albertina fights every day to get healthier but has to worry about medication and treatment.

Manish P.

Manish advocates to raise awareness about the importance of liver health. Manish has a relative, who was recently diagnosed with acute liver disease due to years of alcohol-use disorder, now considered a brain disorder. They are currently in rehabilitation.

State Statistics

1,209

Virginia residents died of liver disease/cirrhosis in 2022

288

liver transplants were performed in Virginia

243

people are on the liver transplant waitlist

ALF 2025 Legislative Priorities

- Increase funding for MASLD research and education
- Expand liver disease surveillance and prevention efforts at the CDC
- Finalize coverage for anti-obesity medication under Medicare Part D
- Support laws like the [Living Donor Protection Act](#), [Safe Step Act](#), [HOLD Act](#) and [HELP Copays Act](#)
- Improve access to liver disease treatments and reduce out-of-pocket costs

ALF is a national community of patients, caregivers and medical professionals dedicated to helping people improve their liver health. Providing guidance and life-saving resources, we are a beacon for the 100 million Americans affected by liver disease. We advocate for patients and families, fund medical research and educate the public about liver wellness and disease prevention. We bring people together through our educational programs and events and create a network of support that lasts a lifetime. ALF is the largest organization focused on all liver diseases and the trusted voice for patients and families living with liver disease. For more information visit liverfoundation.org or call 1-800-GO-LIVER (800-465-4837).
