Calculate Your Health Score

Add up the number of circles in each column, multiply the total by the numbers, and add the 3 sums together.

Number of Circles			
Multiply by	10	5	0
Total by Color			

Your Health Score

Interpret Your Score

81–100 = Keep it up!

61–80 = Consider lifestyle change by identifying your challenge areas and speak with your doctor!

Less than 61 = Initiate lifestyle change by identifying your challenge areas and speak with your doctor!
