

YOUR JOURNEY. YOUR VOICE. YOUR IMPACT.

Whether you're a patient, caregiver, healthcare professional, advocate, donor, or supporter, there are many ways to help create a world without liver disease. Scan the QR code below for more information and get involved today!

Learn. Connect. Support

Access trusted information, educational programs, and support resources. liverfoundation.org/resource-center

Advocate

Shape policies that improve liver health, increase federal research funding. liverfoundation.org/advocacy

Share Your Story

Inspire, educate, and create change by sharing your personal journey. liverfoundation.org/sys

Walk. Run. Rally.

Join Liver Life Walk®, take on a Liver Life Challenge®, or host a DIY fundraiser. liverfoundation.org/participate

Volunteer

Share your time and talents. liverfoundation.org/volunteer

Clinical Trials

Participate in a clinical trial to help researchers advance the prevention, treatment, and cure of liver disease. clinicaltrials.liverfoundation.org

The American Liver Foundation Patient Registry™

Help researchers better understand liver disease and accelerate future breakthroughs by sharing your experience. patientregistry.liverfoundation.org

ALF Living Donor Network™

Learn more about living donor liver transplant and find out whether becoming a living donor is right for you or simply spread the word about this life-saving program. livingdonornetwork.liverfoundation.org

For Medical Professionals

Advance liver health on the front lines through continuing education, speaking and content development opportunities, peer-to-peer networking and research award grants. liverfoundation.org/medical-professionals
